Welcome to paradise. This incredible villa in Bali is what dreams are made of, and we are crushing hard on it! Located in a quiet area on Cemagi Beach, near Tanah Lot, this 5-bedroom [villa is the perfect place for your family retreat](#), corporate events or wedding parties.

Villa Semarapura more than lives up to its Sanskrit name, which translates as ‘temple of peace’. So what makes this estate so special? Where do we start! Inside the villa is a stunning contemporary-meets-traditional design, with lot of areas [inside and outside] to dine or relax. You will also find a media room, jacuzzi baths, and pool table.

Outside you will find a huge swimming pool, complete with pool bar, a beautiful manicured garden that leads on to the black sand beach, a beautiful temple, plus a shared tennis court.

A team of professionally-trained staff are always on hand to prepare soothing baths, cook up delicious meals or arrange pampering spa treatments. So really, all that’s left to do is relax and enjoy!
